Office management of the digital variety

By Chadette Maragh, *today* Staff

■ Dental office-management education topped the schedule on Tuesday of the Greater New York Meeting as dental professionals of all types flocked to educational workshops and seminars with a Big Apple appetite for the latest in techniques and practices.

Pioneers of paperless invoicing and payment processing, Dentrax provided dental practitioners with a half-day

workshop, “The Dentrax Insight,” sponsored by Henry Schein Dental. Detailing effective approaches of simplifying insurance billing, schedule management and more to ensure a profitable and productive work environment, the three-hour morning event explored Dentrax’s expert-approved tricks and tips of the trade, making for an insightful experience for attendees.

ProMax S3 Extraoral Bitewing L

ProMax S3 Standard Adult Pan - From Same Patient As Bitewing

ProMax S3 anterior PA Image

ProMax® S3 WHAT IF... You Could Do ALL Your Routine Imaging Extraorally?

- Extraoral bitewings capture a greater number of surfaces for better caries detection versus intraoral modalities*
- Anatomically Accurate Extraoral Bitewing Program enhances diagnostic capabilities and eliminates gagging
- Patented SCARA technology consistently opens interproximal contacts
- Enhances clinical efficiency - takes less time and effort than a conventional intraoral bitewing
- Captures more clinical data from lateral to third molar
- Fully upgradable to 3D and cephalometric capabilities
- Open design for simple, face-to-face patient positioning

*According to "Efficacy of ProMax Bitewings vs. Intraoral Bitewings." For a copy of this study, please contact Planmeca USA.
