PLANMECA

EDITORIAL

— *by Torsten R. Oemus*

Dear reader,

It is my pleasure to introduce the second issue of the Clinical Masters™ magazine. A great deal has happened in the last 12 months. The *Clinical Masters™* Program has become a premier source of information and inspiration for dentists seeking to advance their skills and training. Over the past year, dental professionals from all over the world have attended our nine comprehensive programs and courses in esthetic and restorative dentistry, implant dentistry, endodontics, periodontics, orthodontics, prosthodontics and laser dentistry. Let me thank you for your continuing trust in our first-class training.

This magazine provides comprehensive information on the content of the programs, the facilities and the instructors. You can also read about exciting new postgraduate training and courses in beautiful locations. The Specialist for Regeneration—Dental Implantology and Periodontology Clinical Masters™ Program in Berlin, the Online Advanced Mentoring and Clinical Program in Periodontics in Campinas and the clinical course in micro-endodontics in Dubai are just three examples. As with our first issue, the magazine features relevant clinical cases that demonstrate the particular skills and expertise of our instructors in their various specialties.

The Tribune CME™ programs are known for their highly effective approach, combining face-to-face and online mentoring by established international dental professionals in some of the best higher education institutions and training cen-

ters around the world. All members can access our sophisticated e-learning platform. Furthermore, Tribune CME™ graduates and other dental professionals are entitled to join the growing Clinical Masters™ Network, a platform for specialists across the globe to share their skills and expertise.

Tribune CME™ is a brand of Dental Tribune International, the world's leading dental publisher. We take pride in keeping dentists around the world up to date on the latest advanced technologies and techniques. Therefore, we regularly add new courses and programs to our education portfolio. Visit www.tribunecme.com to learn more and register.

I wish you stimulating reading and warmly invite you to attend our worldwide Tribune CME™ programs.

With best regards,

A handwritten signature in dark ink, appearing to read 'T. Oemus', written in a cursive style.

Helsinki | 2.5 days | 1.5 ECTS credits

Beyond the basics of CAD/CAM

Helsinki | 2 days | 1 ECTS credit

Advanced CAD/CAM

Helsinki | 2 days | 1 ECTS credit

CAD/CAM summer school

Helsinki | 4,5 days | 2,5 ECTS credit

Other dentistry courses

Aesthetic dentistry

Helsinki | 2 days | 1 ECTS credit

All about adhesion

Turku | 3 days | 2 ECTS credits

Conservative approaches in restorative dentistry

Turku | 2.5 days | 1.5 ECTS credits

TRIBUNE CME

— *Global knowledge, delivered by world-class faculty in prime locations*

The concept of the Tribune CME (continuing medical education) programs is based on a blended learning approach. Tribune CME's mission is to deliver comprehensive, advanced hands-on training in leading-edge dentistry on a global scale through

- Intensive face-to-face clinical educational sessions and practical training, conducted at specialized state-of-the-art training facilities of prominent faculty members, in locations across the world
- Extensive self-study opportunities via a sophisticated e-learning platform, as well as ongoing support, live mentoring sessions with experts and peers via our webinars, premium online video training on demand and the opportunity to collaborate with peers and the Tribune CME faculty.

The result is an unmatched opportunity for dental professionals to achieve their most ambitious goals for professional development and their practice's success.

Clinical Masters™ Programs are offered in:

Esthetic and Restorative Dentistry
Advanced Implant Esthetics
Endodontics
Periodontics
Laser Dentistry
Specialist for Regeneration – Dental Implantology and Periodontology

Upon successful completion, participants receive a Tribune CME certificate, which is also endorsed by the educational institutions associated with Tribune CME.

Personal branding opportunities: Tribune CME graduates may make use of the Clinical Masters™ Program logo to promote themselves and their practice both online and in print.

Tribune CME programs are recognized by the American Dental Association (ADA) and provide ADA CERP credits. ADA CERP is a service offered by the ADA to assist dental professionals in identifying quality providers of continuing dental education.

“Practical training conducted at specialized, state-of-the-art training facilities of distinguished faculty members”

TRIBUNE CME

— *Academic partners*

University of the Pacific
Arthur A. Dugoni School of Dentistry

University of the Pacific
Arthur A. Dugoni School of Dentistry
San Francisco, U.S.

The Arthur A. Dugoni School of Dentistry is a nationally renowned institution of higher learning committed to providing world-class dental education for its students. The school is highly regarded for its innovation in its dental curriculum, including comprehensive patient care, and is a pioneer in competency-based dental education—an approach that replaces the traditional system of clinical requirements with experiences that ensure graduates possess the skills, understanding and professional values needed for the independent practice of general dentistry. The institution is committed to excellence and innovation in education, research, community service and patient care.

The Clinical Masters™
Programs also qualify for certification from the following associated educational institutions: University of the Pacific in the U.S., São Leopoldo Mandic in Brazil, Sapienza University of Rome in Italy, who acknowledge the quality and reputation of the Tribune CME programs.

São Leopoldo Mandic
School of Dentistry
Campinas, Brazil

São Leopoldo Mandic is currently among the top ten institutions of higher education in Brazil. It is accredited to teach undergraduate and graduate health care programs and award master's and doctoral degrees. It also provides continuing education courses of varying lengths, presented as live clinical procedures, workshops, practical activities, seminars, online tutorials or other variations that best support mastery of the particular subject matter. The faculty carries out outstanding scientific research, achieving impressive results and continuously aiming to improve the knowledge of its students using current methods and new technologies.

Sapienza University of Rome
Faculty of Medicine and Dentistry

Sapienza University of Rome Faculty of Medicine and Dentistry Rome, Italy

Sapienza University of Rome is one of the oldest universities in the world and listed among the top-performing universities in international rankings. Sapienza offers a vast array of courses, including degree programs, doctoral courses, one- to two-year professional courses, and specialization courses in many disciplines, run by 63 departments and 11 faculties. It is in every regard a research and teaching university and carries out outstanding scientific research in most disciplines, achieving impressive results both on a national and international level.

This year, we are pleased to welcome a new partner, Université Saint-Joseph, to the group of higher education institutions offering Clinical Masters™ Programs. It will be offering the courses at its regional center in Dubai, UAE.

Université Saint-Joseph

Université Saint-Joseph Beirut, Lebanon Dubai, UAE

The Faculty of Dental Medicine at Université Saint-Joseph is an institution dating back to 1920 and has a unique standing as a pioneer in the field of dentistry in the Middle East. This year, it is celebrating 96 years of existence. Around 75 percent of dentists in Lebanon have graduated from the school and its alumni are active in all Middle Eastern countries and abroad. The faculty is a dynamic and inherent part of Université Saint-Joseph, which was founded in 1875 by the Society of Jesus. It currently offers master's and doctoral programs in various fields of dentistry, taught by experienced lecturers.

Université Saint-Joseph has a regional center in Dubai, where advanced courses in all fields of dentistry are offered in collaboration with international partners, including Dental Tribune International.
