Greta Kersyte

IADS Editor-in-Chief

Dear IADS Magazine Readers,

I would like to present you this special IADS Magazine number. It is special for a few reasons: firstly, it is a printed issue, participants who are coming to Annual Congress in Tunisia will have an opportunity to get it! Secondly, we have prepared a super interesting interview with Instagram famous dentist, dental technician and photographer Dr. Miguel A. Ortiz in both English and Spanish! Thirdly and mostimportantly, this is my very last magazine issue as the Editor-in-Chief. I really hope that all this year we have brought to you interesting topics that were also useful in your dental profession. I would like to say a big thanks to my dear Editorial Board members who were with me all this year and survived all my critical comments, bad moods and perfectionism that I always try to seek. You all were definitely the best team I could have, I just hope that whoever is going to be after me, you will stay in the team and help next Editor to achieve what I did not manage.

Sky is the limit, they say, and I believe that even though I will be gone from Editor's post, next year is going to be even better!

Once again, from the bottom of my heart, thanks to my team and to you, dear readers, that you were with us all this time!

Warm wishes,
Greta Kersyte

Ave Pold

IADS President

Dear readers,

It is my honour to write the last magazine editorial of my term as President. This really has been an amazing year and I do hope that these IADS magazines have given you a good taste of our team's hard work.
In this number you will find a lot of interesting to read about. There is a bit on external events, global health, dental education. But also input from a vast range of our committees such as training, prophylaxis and voluntary work. The glass is never empty when it comes to youth activities. The more we as dental students contribute to our communities, the better the health outcomes will be globally.

As stated in the Lancet Oral Health series, " Oral health can no longer be left behind and requires urgent and decisive action." I urge you all to be the change-makers of a new generation of dentists.

With love,
Ave
