Education anchors CDA exhibit hall

At 'The Spot,' in two locations at the 2019 CDA Presents, you can attend up to 35 free lectures

The Spot Educational Theaters at CDA Presents The Art and Science of Dentistry, in Anaheim, Calif., will offer free one-hour lectures by industry experts during exhibit-hall hours on all three days of the convention. With two locations of The Spot, attendees have the opportunity to attend up to 35 free lectures covering topics such as ethics, informed consent, student loan refinancing and chronic wound therapy. Many lectures offer one unit of continuing education credit.

The first educational theater is located in Hall C of the Anaheim Convention Center exhibit hall, just steps from the main entrance and adjacent to the registration area. There attendees can catch lectures every hour on the hour from 10 a.m. to 4 p.m. Thursday and Friday, May 16-17, and from 10 a.m. to 2 p.m. Saturday, May 18.

The Spot in Hall C doubles as the C.E. Pavilion, where attendees can verify the C.E. units of CDA Presents Anaheim courses they've completed, take course surveys

and email their course scans to themselves for future reference. Attendees can also stop there to learn about recently launched products within the dental industry and where to find the products and product experts on the exhibit hall floor.

The second educational theater is located in aisle 2000 in the back of Hall D, between the restaurant and concessions. Lectures at this location run on the same schedule as those in The Spot in Hall C — every hour on the hour during exhibit-hall hours. Work areas and a lounge are next to the second educational theater, but both locations offer seating and a place to recharge electronics.

Lecture lineup, highlights

Highlights on the schedule for Thursday, May 16, include "Characteristics of Ethical Dental Professionals," presented by

EVENTS**A2-A4**

- The International Academy for Dental Facial Esthetics annual meeting will be held on Dec. 2 in New York City.
- The annual Dental Days of Quebec will be from May 25-28, in Montréal, a short stroll from the historic charm of Old Montréal.
- The annual meeting of the American Academy of Pediatric Dentistry will be held in Chicago from May 23–26.

INDUSTRY NEWS**A6-A14**

- Allure Ortho: Aligner material is clear, strong — and affordable.
- Designs for Vision: New hands-free infrared technology added to wireless high-definition headlights.
- XLDent: Practice management solutions for today should fit your unique needs now and as you grow.
- Bisco: New bulk fill composite easily and quickly adjusts to tooth.
- Malaysian Rubber Export Council: Barrier protection critical for gloves.
- Dolphin Imaging and Management Solutions: Single software system supports ortho-pedo.

600 companies in CDA exhibit hall

The exhibit hall at CDA Presents The Art and Science of Dentistry features 135,000 square feet of dental innovation, with new-product launches, cutting-edge technology and opportunities for high-value education. Approximately 600 companies are expected at the annual meeting in Anaheim, May 16-18.

The exhibit hall is open during all three days of the meeting. On Thursday and Friday the exhibits are open from 9:30 a.m. to 5:30 p.m. And on Saturday, the exhibit hall hours are from 9:30 a.m. to 4:30 p.m.

The exhibit hall also has family hours scheduled daily, from 9:30 a.m. to noon.

Online registration for the 2019 CDA Presents in Anaheim will be available through May 18.

Course availability varies, so the meeting organizers encourage attendees to register early to secure a spot at popular workshops and events.

When you register online, registration materials can be picked up at the eBadge Exchange at the Anaheim Convention Center. Print your barcode email confirmation or have it available on your mobile device because you will need to have it to pick up your registration materials.

IADFE annual meeting set for Dec. 2

By Dr. David L. Hoexter, Editor In Chief

The International Academy for Dental Facial Esthetics will convene to award fellowships on Dec. 2, in conjunction with the 2019 Greater New York Dental Meeting. The IADFE fellowship awarding will be held at the historic private Harmonie Club in New York City. Fellowships will be awarded to deserved recipients from all parts of the globe. Fellows who received the award last year traveled from Italy, France, England, Peru, New Zealand, Australia, Canada, Romania and Japan as well as the U.S.

The cap-and-gown presentation of fellowships concludes with a traditional cap tossing celebration. Fellowship in the IADFE is by invitation to those dentists, physicians and members of the cosmetic industry who have distinguished themselves in their respective professions.

This year's annual induction meeting will be once again in conjunction with the Greater New York Dental Meeting, on Monday, Dec. 2. The guest presenter will be American Dental Association President

New IADFE fellowship inductees toss mortar boards into the air at the 2018 IADFE meeting. The 2019 induction is once again being held in conjunction with the Greater New York Dental Meeting, on Monday, Dec. 2. Photo/Provided by Dr. David L. Hoexter

Dr. Chad Gehani. The Harmonie Club, designed by Sanford S. White, is at 4 E. 60 St., New York (between Fifth Avenue and Madison Avenue).

The presentations will commence at 6 p.m. Countries from all parts of the globe

once again will be represented, with attendees participating in and enjoying the honor of the presentation of fellowships.

Any inquiries may be addressed to Dr. David L. Hoexter at drdavidlh@gmail.com or Dr. George Freedman at info@iadfe.org.

Montréal hosts JDIQ, May 25–28

The 49th International Dental Days of Quebec (JDIQ), the annual conference of the Ordre des Dentistes du Québec, will be from May 25–28 (Saturday through Tuesday) at the Montréal Convention Center (the Palais des Congrès de Montréal) in Montréal, Quebec, near the heart of the old-world charm of historic Old Montréal.

The C.E. and exhibition event is the annual meeting place for Quebec dentists and dental-team members, while also attracting attendees from across the world. With more than 12,000 participants, it is considered the largest dental conference in Canada.

The mission of the Ordre des Dentistes du Québec, representing approximately 5,300 dentists, is to ensure the quality of dental services through high standards of practice and ethics and to promote oral health among the people of Quebec.

The C.E. courses feature theoretical and practical training presented by renowned

The fountain of Place Jean Paul Riopelle, across the street from the multicolor glass walls of the Palais des Congrès de Montréal.

Photo/Provided by Montréal Convention Centre

speakers from Canada and around the world. The courses and workshops focus on topics related to dental practice, as well as the technical and scientific advancements that influence the current and future practice of dentistry.

The meeting's two-day exhibit hall will be on Monday and Tuesday, May 27-28.

JDIQ 2019 marks the third edition of the CÉLABration event. In collaboration with the Order of Dental Technicians of Quebec (OTTDQ), the meeting provides a full

day of sessions and clinical tables, as well as an exhibition featuring specialized products and services.

The JDIQ mobile app, available in French and/or English, can be downloaded through the App Store and Google Play, or through www.odq.qc.ca. Also on the website, search under the "Congress" tab for details on registration, accommodations, tourist information and more.

(Source: JDIQ)

◀ CDA, page A1

the CDA Peer Review and Judicial Council and "Informed Consent: More Than a Signature," presented by The Dentists Insurance Company. Also, each of CDA Practice Support's four analysts will present on a subject in their area of expertise: dental benefits, employment practices, practice management and regulatory compliance.

Friday, May 17, brings another full schedule that includes "Chronic Wound

Therapy for Patients With Periodontal Disease" by Duane C. Keller, DMD, a talk about CDA's advocacy work and how dentists' voices are important to that work, a presentation by CDA Endorsed Program CommonBond about student loan refinancing options, as well as more courses by the CDA Practice Support experts.

The Spot will wrap up Saturday with three lectures, including one about marketing and managing a practice's reputation on social media.

The schedule is subject to change based on speaker availability. Check the CDA Presents program available on-site or at cdapresents.com/thespots for final listings. C.E. lectures are noted in the program. To receive credit, attendees must check in with the host but are not required to check out. (To receive C.E. credit for all other courses at CDA Presents, attendees are required to scan both in and out.)

Pediatric dentists heading to Chicago

Annual session of American Academy of Pediatric Dentistry returns this year to academy's hometown, from May 23–26

The annual session of the American Academy of Pediatric Dentistry this year is in the academy's hometown, Chicago, from May 23–26.

The meeting's host site is the landmark Chicago Hilton on South Michigan Avenue, just across the street from Grant Park's 8th Street Fountain and Formal Gardens and a short stroll from the iconic Buckingham Fountain. Twelve blocks

north is the city's internationally known shopping destination, the Magnificent Mile.

Welcome reception at Museum of Science and Industry

The Sunstar Welcome Reception will be held at the Museum of Science and Industry, in Chicago's historic Hyde Park neighborhood. Attendees will be able to meet

with new and old friends and colleagues against the backdrop of an endlessly fascinating and interactive experience.

Among the museum's most famed highlights are opportunities to explore a full-size replica coal mine, wend through a German U-505 submarine captured during World War II, walk through a 40-foot water-vapor tornado, pilot a fighter-jet flight simulator, lord over a 3,500-square-foot model railroad and peer into the Apollo 8 command module.

Keynote from the first female pilot with the U.S. Air Force Thunderbirds

The opening ceremony keynote speaker is retired Colonel Nicole Malachowski, the first female pilot of the Air Force Thunderbird Aerial Demonstration Team. Her address, “Headwinds of Change,” could also serve as an overarching theme of the meeting's scientific program, with an agenda packed full of timely topics, including pediatric esthetics, brain development, precision medicine, sleep apnea, sedation, dental benefits and an evidence-based training workshop.

The scientific sessions open on Thursday with the preconference course “Speak Up for Patient Health: Critical Conversations on Controversial Issues.” The interactive session offers practical advice on how to effectively discuss difficult topics such as weight issues, eating disorders, substance use, transgender issues, pregnancy, sexual practices and sexually transmitted infections.

Saturday's invitation-only donor-appreciation gala for Healthy Smiles. Healthy Children, the AAPD's foundation, will be at the Art Institute of Chicago. The event supports the foundation's mission of providing dental homes for underserved children.

The President's Farewell Dinner on Sunday will be held in a uniquely renovated pre-Chicago Fire Morgan Manufacturing building, a “world-class space with Chicago swagger, designed around a concept of modularity and industrial elegance.”

Registration, lodging and other details can be found online at annual.aapd.org.

According to Allure Ortho, its TAGLUS aligner/retainer material has quickly become the No. 1 choice for clear aligners and retainers. The company asserts that the material is “super strong, super clear, and super affordable.”

The company reports that the material performs as well as Zendora but at half the price; is easier to use in fabrication of aligners and retainers; has better polishability; has no moisture sensitivity; and has no bubbling.

For more information about TAGLUS or other Allure Ortho products or to place an order, you can contact Allure Ortho at (844) 442-5587 or sales@allureortho.com.

OSAP announces new super sponsor

The Organization for Safety, Asepsis and Prevention (OSAP) announces Benco Dental as their newest Super Sponsor. This new sponsorship will assist OSAP in continuing its mission of being the world's leading provider of education that supports safe dental visits.

“Benco Dental is committed to driving dentistry forward through innovation, and the most important underlying fundamental during every visit is the safe, infection-free delivery of care,” said Julie Radzyski, director of professional relations for Benco Dental.

OSAP is proud of its super sponsors that generously contribute to “The Safest Dental Visit™.”

In good company

OSAP's other super sponsors include: Air Techniques, Coltene, Crosstex International, Darby Dental Supply, Dentsply Sirona, Henry Schein Dental, Hu-Friedy, Kerr TotalCare, Midmark Corp., Patterson Dental, SciCan and Tuttnauer USA.

COLTENE

New hands-free infrared technology

By Designs for Vision Staff

Designs for Vision is introducing patented hands-free infrared technology with the WireLess™ IR HDi™ and the Micro IR HDi headlamps. These headlamps feature HDi, Designs for Vision's exclusive advanced photonic design that provides uniform light distribution with maximum intensity. The patent-pending feature optically focuses the light from the LED to provide 45 percent more light with uniform distribution.

The patented IR feature enables better infection control by letting practitioners operate the headlamp without touching the system. The IR headlamps use a built-in infrared signal to enable the user to turn the light on or off simply and safely. Onboard biometrics sense the position of the headlamp to filter out unintended signals while working.

Designs for Vision has added the High Definition Imaging to all of its headlamps, including the LED DayLite® WireLess IR and the LED DayLite WireLess Mini, pro-

CDA
BOOTH

1202

AAPD
BOOTH
NO. 221

viding a lightweight cordless solution with light intensity comparable to many corded headlamps. You can choose high definition imaging with either a wired or wireless design to meet your preference, and any of the HDi headlamps will illuminate the entire oral cavity. Designs for Vision's WireLess headlamps free you from being tethered to a battery pack. The simple modular designs uncouple the headlamps from a specific frame or single pair of loupes. Prior technology married a cordless light to one pair of loupes via a cumbersome integration of the batteries and electronics into the frame. The compact design of the LED DayLite WireLess headlamps is independent of any frame/loupes.

The LED DayLite Micro HDi uses the new high-definition imaging with a very lightweight headlamp in combination with the Micro power pack. The Micro power pack is the lightest and smallest power pack. The complete unit includes two power packs, and each power pack

High-definition headlamps optically focus the light from the LED to provide 45 percent more light with uniform distribution. Photo/ Provided by Designs for Vision

can run up to 10 hours.

Designs for Vision is also featuring the REALITY 5 Star rated Micro 3.5EF Scopes and Micro 4.5EF Scopes using a revolutionary optical design that reduces the size of the prismatic telescope by 50 percent and reduces the weight by 40 percent while providing an expanded field view of the oral cavity.

Designs for Vision is also excited to announce that it has recently expanded into its new 67,500-square-foot location

on Long Island at 4000 Veterans Memorial Highway, in Bohemia, N.Y.

You can see the Visible Difference® yourself by visiting Designs for Vision's booths at the California Dental Association booths No. 846 and No. 1202, or at the American Academy of Pediatric Dentistry annual meeting in booth No. 221.

Also, you can contact Designs for Vision to arrange a visit in your office by calling (800) 345-4009 or emailing info@dvimail.com.
