DR.DANIEL RUBINSHTEIN

Greta Kersyte

IADS Editor-in-Chief

Dear IADS Magazine Readers,

With big excitement I am inviting you to read IADS Magazine May Issue! Editorial Board members and me have been working really hard these past months to provide you the most interesting information from dental world. One of the biggest cosmetic dentistry influencers Dr. Daniel Rubinshtein from United States has agreed to give an interview and answer to all your questions. I would really like to say a big thanks to Dr. Daniel and Anellia who were all this time collaborating with us and working together with Editorial Board. Thank you for your patience! And for you, dear readers, I would like to invite you to read this inspiring interview and get some motivation for what you are working!

Lastly, if you still haven't registered for IADS Annual Congress in Tunisia, I want to invite you to do it as soon as possible and meet me there personally with my Editorial Board members!

Warmest regards,

Ave Pold

IADS President

Dear readers,

Hope you have been doing well and the exam session is reaching to a successful end.

I am writing this intro while flying back from the 72nd World Health Assembly. Looking into the content of the May issue of the IADS Magazine I am proud and happy of the activity and enthusiasm coming from our members.

The world of dental care is developing so fast with artificial intelligence slowly entering the arena and research being targeted on minimally invasive solutions. I would also like to draw your attention to two reports in this issue- our Mid-Year Meeting in Strasbourg and the World Oral Health Day.

This MYM was very significant as we adopted a new Constitution and established IADS as a Swiss non-governmental organization. Congratulations to us all!

IADS continues to contribute towards encouraging dental students worldwide to be active in promoting better oral health in their communities and it is always with great pleasure that I read about the WOHD events you all organize. I would encourage our worldwide student community to share even more the great things you do throughout the year. Work together and be a good example to others.

Thank you all and see you in Tunisia!

IADS MYM THE 65TH STRASBOURG FRANCE

On the 17th of March Local Organizing Committee (LOC) of France welcomed delegates from all over the world in the 65th Mid-Year-Meeting (MYM). Congress took place in one of the most beautiful places in Europe - Strasbourg. Everyone was very excited for the upcoming four days because we knew we will see our old friends after a long time, will have the opportunity to develop new skills during lectures and workshops as well as represent our ideas and future plans for the colleagues.

Pre-Congress

The IADS trip to France began, of course, in Paris. There, the pre congress group, guided by Marc-Antoine and Niko, visited the capital and its most famous landmarks like the Eiffel Tower, the Champs Elysees, Montmartre and Sacre Coeur.
Friday was a special day which we spent in Disneyland. There, we went on all sorts of roller-coasters and enjoyed a light show at night. "It's a small world after all" was the perfect ride for our multicultural group, though the song was repeated so many times that it created an inside joke between the participants.
On the last night, we had fun in a Parisian bar, and we warmed up for the amazing meeting that was about to come.

General Assembly

In the 65th MYM General Assembly (GA) there were delegates or representatives from 16 different countries as well as special guests such as FDI Executive Director Enzo Bondioni, IADS President 2008 - 2010 Tomaž Špindler, EDSA President Alyette Greiveldinger and IFMSA VP for External Relations Marian Sedlak. Both the first and second days of GA were quite intense as Executive Committee (ExCo) together with Constitutional Committee members presented changes in IADS Constitution and Bylaws. In order to seek non-governmental organisation (NGO) status and registration in Switzerland some updates had to be done. Also, IADS welcomed even 9 new members: Australia (full national membership), Chile (affiliate national), Libya (full national), Morocco (full local), Northern Cyprus (associate national), Rwanda (affiliate national), Senegal (corresponding national), Tanzania (affiliate national), United Kingdom (full national). Former IADS President 2008-2010, Tomaž Špindler for his dedication and hard work in Constitutional Committee was elected as an Honorary Life member. Last but not least, delegates voted upon the next host country of the 66th MYM - it is Bosnia and Herzegovina!
